## The Famous Cadillac Desk Table

The Desk-Table occupies the space of but one article, and the cost does not exceed that of the high-grade table of ordinary construction. The ordinary desk occupies valuable wall and floor space.

Can you imagine anything more provoking than to sit down prepared to write a letter and find it necessary to remove from your library table books, photographs, magazines, drop light and other articles in order to provide a clear writing surface?

Can you imagine anything more convenient than a combination of desk and table, such as the Cadillac; when it is only necessary to extend the Desk without disturbing a single article on the table top?

The Desk-Table is doing away with the individual table and writing desk.

The finishes of these Cadillacs are golden oak, weathered oak and mahogany. They are shown in our windows today; take a look.

Are Your Hose Insured?

### HOLEPROOF HOSE

These are the original Warranted Hose for Ladies. Other manufacturers are faintly imitating this plan of warranted Hose. We know for we have had them and they were me. stuff. We satisfied our customers by putting our hands into our pockets and paying our customers for new Hose. NOW, NOW we have the original make, the one that has made Warranted Hose a success. See our window for these Warranted Hose. You will want a box and will recommend them to your friends.

#### Holeproof Hose

These Holeproofs are the original warranted Hose. They are the Hose that Boston and New York trade have bought so freely that until the mill was enlarged we could not get them for you ladies here in Vermont.

These Holeproof Hose come in all sizes in both black and tan, six pairs in a box, each pair warranted for six months of any wear that you see fit to give it. The price is \$2.00 for the box, making an average of 33 1-3 cents per pair for a warranted Hose.

The finest grade of these Holeproof Hose comes in light weight and quite fine, and sells at \$3.00 per box of six pairs, with the six months' warrant.

New Satines seem to be our best sellers. Surely there is no prettier or better wearing goods made than these new patterns.

#### Holeproof Hose

The beauty of these warranted Hose is that there is no seam on the bottom of the foot to hurt. (This means lots to some ladies.)

These warranted Hose are another of our business additions; there are more to come.

We have mentioned before our new venture in all classes of Ribbons, much larger line than anyone here in Barre has ever carried.

Following these Holeproof Hose are several new lines of goods that we are opening up. Lines that will be appreciated by the better class of trade—those who want good things and want to buy them at home.

#### Novelties

Just received a new styled Folding Handbag. Looks like an ordinary shopping bag and by pulling a catch you have a large bag, large enough to carry all of your small packages. Then goes back to a small Handbag again.

New Silks that are novelties. These are in the Messaline finish, and figures are small, neat, and very stylish.

Novelties in Wash Goods, and some extra good values in Mercerized White Waists at 18 and 25 cents per yard.

New shades of green and blue in Wool or Silk Dress Goods.

### WASHINGTON

Successful Lincoln Day Exercises Held Friday Afternoon.

Lincoln exercises were held at the school house hall Friday afternoon. They consisted of a long program by the scholars of the three schools at the village and some very interesting remarks by the Rev. Irving Towles and the Rev. F. E. Perkins. Several of our townspeople have signified their intention of helping in the raising of funds for the Lincoln Farm association and any who wish may fill a blank and send to the secretary of the branch, G. H. Bigelow, who will forward to the proper officials (the last of this week) when a certificate of honorary membership will be forwarded to each contributor. The donation may be from 25 cents upward.

Mr. and Mrs. L. F. Hall were in Barre Saturday afternoon.

The schools all closed last Thursday for a recess of about two months.

The town auditors are busy these days auditing the accounts of the several town officers.

D. G. Adams of Chelsea was the successful bidder of the mail route from this place to Barre and Elmer Reed of the same town the route from Chelsea to this village.
